

***Saves up to 30% on electricity and water compared to conventional electric storage water heaters***

**Ideal for HDB BTO Flat Installation**

- Compact, stylish design
- Neat, unobtrusive setup
- Powers multiple outlets with 1 unit
- Instant hot water — no preheating
- Installed close to bathroom piping for efficiency

**Above False Ceiling and Under Basin Installations**

- Compact — fits easily under basin
- No need to remove existing storage heater
- Uses existing hot & cold piping
- Instant hot water, up to 30% energy savings

**BENNINGTON** – Singapore's Multipoint Water Heater Specialist Since 2002. Proudly designed and made in Singapore.

The BENNINGTON S630M Multipoint combines the best of both worlds — the speed of an Instantaneous Electric Water Heater and the Multi-outlets of a Storage Water Heater.

**Enhanced Features of S630M:**

- ☞ Withstands higher pressure using glassed filled nylon polymer tank assembly
- ☞ Status indicators for quick fault detection
- ☞ Upgraded 8mmØ Japanese heating elements for enhanced performance
- ☞ Dual anti-scalding and overheat protections
